MERCURY SPILL KITS

We provide safe and cost effective Mercury Spill Kits that enable staff to safely deal with Mercury spills on any surface with a minimum amount of training. These kits are a COSHH recommended system. They can be used repeatedly on Mercury spills of all sizes and have a long shelf life of 3.5 years.

Each kit contains:

- Absorbant Alloy Wool
- Micro-fined Sulphur
- Calcium Hydroxide
- A Mercury Disposal Bottle
- Gloves
- Mask
- Brush
- Syringe
